## Tan Chin Seng

Tan Chin Seng was born in Kuala Lumpur, the capital city of Malaysia, in 1980. He is a Computer Science graduate from Monash University, Melbourne, Australia. Driven by passion in violin-making, he gained his violin-making experience in maestro Han Zhao Sheng's workshop as an apprentice in 2010.

In 2013, Chin Seng opened his workshop in Bandar Sri Damansara, a peaceful neighborhood in the northern part of Kuala Lumpur. Since then he has been dedicating his time in making new instruments by following the traditional method.

Focusing on the construction of fine violin, viola and cello, Chin Seng puts a lot of effort into perfecting every single detail, and pays attention to acoustic performance. His works are mentored closely by Bertrand Yves Delisle (Cremona) and Han Zhao Sheng (Beijing). His experience with maestro Michele Mecatti, Paolo Sorgentone, and Gianluca Montenegro in Firenze (Italy) in 2016 has enabled him to further discover his own style.
